Clinical Pharmacology Didactic Series

Spring 2015
Fridays, 10:30 am - 12:00 pm
4th Floor Conference Room

Date	Title	Lecturer
March 13, 2015	Population Analysis	Rob Bies, PharmD, PhD
March 20, 2015	Predictive Modeling using Data Mining Tools	Ayman Akil, PhD
March 27, 2015	Time to Event	Rob Bies, PharmD, PhD
April 3, 2015	Systems Pharmacology: Building Complicated Model to explain Simple Data	Thang Ho, PhD
April 10, 2015	No Class	
April 17, 2015	Model Informed Drug Development	Rob Bies, PharmD, PhD
April 24, 2015	Biostatistics: P-Value, Power, and Sample Size	Lang Li, PhD
May 1, 2015	Biostatistics: Analysis of Variance and Linear Regression	Lang Li, PhD
May 8, 2015	Biostatistics: Introduction to Probability and Statistics	Lang Li, PhD
May 15, 2015	Biostatistics: R Program #1	Lang Li, PhD
May 22, 2015	Biostatistics: R Program #2	Lang Li, PhD
May 29, 2015	The Role of the Clinical Pharmacologist in Phase 1 Drug Development	John T. Callaghan, MD
June 5, 2015	No Class	
June 12, 2015	Application of the Humanized Mouse Liver Model: A Preclinical Model of Human Drug Disposition and Toxicity	Yingying Guo-Avrutin, PhD
June 19, 2015	Solvebio Software Presentation	Lang Li, PhD
